Thanks for the phone message. I have another all day meeting tomorrow. Maybe we could talk briefly on Thursday. I think your approach of getting other EPA people to read it is a good one. While our concerns may not be identical, it sounds like the same sorts of things are bothering both of us.

Thanks for reading it so promptly.

Talk to you Thursday.

We have a unit meeting 1:00 – 3:00 pm today, so that won't work. Tomorrow afternoon is good for me - would that work for you? If not, we can try Thurs. or Fri. I'm thinking through what I want to tell WP as well as getting other EPA people to read it, so you'll get a better discussion from me the more you wait. I just wanted you to know that while I may not share all of your concerns, I have enough to get me very worried about where this key baseline topic is going and trying to figure out what I can say to them that will be constructive.

Hi Claire,

I am in an all-day meeting, but think I can slip out at about 1:30 this afternoon. Would that be a good time to call you?
